INFORMATION OFFICER
DIRECTORS OF DEFENSE AGENCIES

SUBJECT: Designation of Programs for Calendar Year 2006 Office of the Secretary of
Defense Test and Evaluation Oversight

Department of Defense Instruction (DODI) 5000.2 (Operation of the Defense Acquisition System) states that the Director, Operational Test and Evaluation, and the Director, Defense Systems, will publish annually a list of programs designated for Office of the Secretary of Defense (OSD) Test and Evaluation (T&E) oversight. The attached list identifies the programs designated for calendar year (CY) 2006 and specifies developmental, operational, and live-fire T&E oversight requirements. This list supersedes all previous versions of the OSD T&E Oversight List. This list does not include highly classified and sensitive programs subject to T&E oversight, which are identified directly to the Program Managers.

Unless otherwise indicated, designated programs are subject to the provisions of 10USC139, 2366, and 2399 for Major Defense Acquisition and covered programs and to DODI 5000.2 requirements pertaining to T&E Strategies (TESs), System Threat Assessments, Test and Evaluation Master Plans (TEMPs), Operational T&E Plans, and reporting test results. For each program on the list, Program Offices shall submit to OSD the appropriate supporting documentation as required by DODI 5000.2. Submit all TESs and TEMPs to the Director, Defense Systems (Attn: SE/Assessments and Support), Pentagon Room 3E130, for OSD approval processing.
